The SCR program was developed to ensure that New York State's arts and cultural funding reaches every part of the state. The program forms the cornerstone of the partnership between NYSCA and local arts agencies throughout the state, providing a link between NYSCA and segments of communities that might not otherwise be able to access direct funding from NYSCA.

The ALCA grant program thanks all applicants who submitted funding proposals for the 2022 SCR awards, with special thanks both to :

1. The municipalities and nonprofit organizations such as the Town of Elizabethtown, the Town of North Elba, Adirondack Regional Theatre, East Branch Friends of the Arts, John Brown Lives! and the Schroon Lake Arts Council that served as fiscal sponsors for arts groups that are not officially recognized nonprofits or for individual artists; and
2. The individual artists and arts enthusiasts who, as volunteers, reviewed and evaluated this year's SCR applications.
